

Longfellow's Home.

P.S.

If you could con-
veniently let me know
when you send your
copies, it might pre-
vent collection if I
should send any more.
Besides I should like to know the
destination of every copy, if possible
(for haste)
M.L.H.

Waterville, Oct. 16. /98.

Dear Miss Coburn,

I feel very grateful to
you for your generosity in helping us out
of our dilemma. I send you 12 copies of the
protest and will send six more soon
if I have no other disposal to make
of them "for the good of the cause". That
will leave 20 etc. to pay the postage to
you. Will that be satisfactory?

I have sent one to A.P. Marble of Nor-
cester, Mass, one to Prof. Butler of Har-
vard Univ, one to Mr. Seward our min-
ister, one to Dr. Howard of my class. Mr. G.
sent one to Gov. Burleigh, Gen. Butler. Gen.
H. M. Plaisted and Mr. Briggs. Miss Car-
michael and Miss Santillo will, I think,

mail them to class-mates or to personal friends. There is a Mrs. Barrows on the School Board of Boston to whom Mr. Seward wishes a copy sent. Mr. Lane has one, Prof. Hall showed it to Dr. Spencer and family.

So I think you will not be likely to duplicate our names if you send to any other than those I have mentioned.

The latest development is that Dr. Small has appealed to the Freshman class to help him carry out his new scheme. What do you think of that. Looks rather Small, doesn't it? Oh! dear, dear! It is so hard for me to keep still and let this thing go on, but I suppose it is the only way now.

Mrs. Prof. Foster spoke with me the other day, expressing her sympathy with the project "I am sure you have left your record behind you," she says. "That can't be changed or altered." "Co-education will go on in other places." Let me hear from you occasionally. Sincerely M. L. Barrows
